The screenshot shows a website layout with a dark header bar at the top containing the text "comimakeupblog", "Početna", "Blog", and "O autoru". A central modal window titled "Prijava" (Login) is displayed, featuring fields for "Tvoj email" (Your email) and "Tvoja lozinka" (Your password), along with "Prijava se" (Log in) and "Zatvori" (Close) buttons. Below the modal, the main content area has a title "Makeup" and a subtitle describing the blog's focus on cosmetics and skincare. Three thumbnail cards are visible, each with an image, a title "Naslov", and a snippet of text. At the bottom, there are links for "Početna", "Autor", "SiteMap", and "Dokumentacija".

3. autor.php

The screenshot shows an author profile page. It features a large photo of a woman with dark hair and makeup. To the right is a bio section and social media links.

O autoru:

Ja sam Milica Pavlović (broj indeksa 73/17). Dolazim iz Beograda, studentkinja sam druge godine Visoke ICT škole koju sam upisala nakon završene Trinaeste beogradskog gimnazija. Dinamički sajt Comi Makeup predstavlja moju realizaciju jedne od predispitnih obaveza na fakultetu iz predmeta Praktikum Web programiranje PHP. Nameravam da ovim sajtom napravim korak napred u karijeri programera i ujedno prikažem drugima moju ljubav prema šminci i iskustvo u šminkanju svih onih koje sam privukla svojim talentom.

Social media icons: Instagram, Facebook, Twitter.

4. izmena.php

The screenshot shows a user profile editing form. At the top, there's a navigation bar with links: 'comimakeupblog', 'Početna', 'Blog', 'O autoru', a user icon, 'comi', and 'Odjava'. Below the navigation is a placeholder text 'Isti su'.

The main area contains a profile picture of a person with pink and black makeup. Below it is the handle '@cle.makeup'.

Form fields include:

- Profile picture: A button labeled 'Odaberi datoteku' with the message 'Niye odabran'.
- User name: Input field containing 'comi' with a 'Sačuvaj' button.
- Email: Input field containing 'milicap1598@gmail.com' with a 'Sačuvaj' button.
- Password: Input field with a 'Sačuvaj' button.

At the bottom of the page is a dark footer with links: 'Početna', 'Autor', 'SiteMap', and 'Dokumentacija'. The footer also features a copyright notice: '© www.comimakeupblog.com'.

Nakon uspešnog logovanja, korisnik ima mogućnost da klikom na svoje korisničko ime unutar navigacije izmeni lične podatke, kao što su profilna slika, korisičko ime, lozinka i mail. Dinamička navigacija iz baze, funkcionalnost odjave.

Njegovanje lica

Prvo i osnovno – njega koze lica! To je podloga na kojoj cete pokazivati svoje umjeće sminkanja. Koza mora biti njegovana i zdrava, morate znati odrediti kojem tipu koze pripada vasa koža lica da biste prema tom tipu odredili vrstu preparata koje cete koristiti. Ja sam npr. dugo trazila kreme koje ce mi u potpunosti odgovarati, i našla sam napokon. Ali, ako meni ta krema odgovara, ne znaci da mora i vama. Nikad se ne povodite za onim sto je na tuđoj kozi super. Jer na vasoj ne mora biti. Tip koze je vrlo individualna stvar. Ovdje bih još nesto rekla, ne morate kupovati skupe kreme da bi koza izgledala njegovano i zdravo. Naravno, ako imate mogućnost za kupovinu skupih i kvalitetnih preparata, to cete i učiniti. (To je stvar licnog izbora i mogućnosti) Ali, nije samo cijena garant kvalitete. Bitno je da svoje lice pazite i njegujete na dnevnoj bazi, jer koza ne trpi oscilacije tipa: danas cu ocistiti lice tonikom, pa onda dva dana necu. To ni slučajno. Kako treba njegovati lice, isto tako treba njegovati i kožu vrata i dekoltea. Mnogima to izgleda kao "malo previse", pa kazu "ma zasto vrat" i sl., ali dok ste mladi naravno cini vam se da nema potrebe za tim, ali u kasnijim g
